

Upload Image to IBM Container Registry

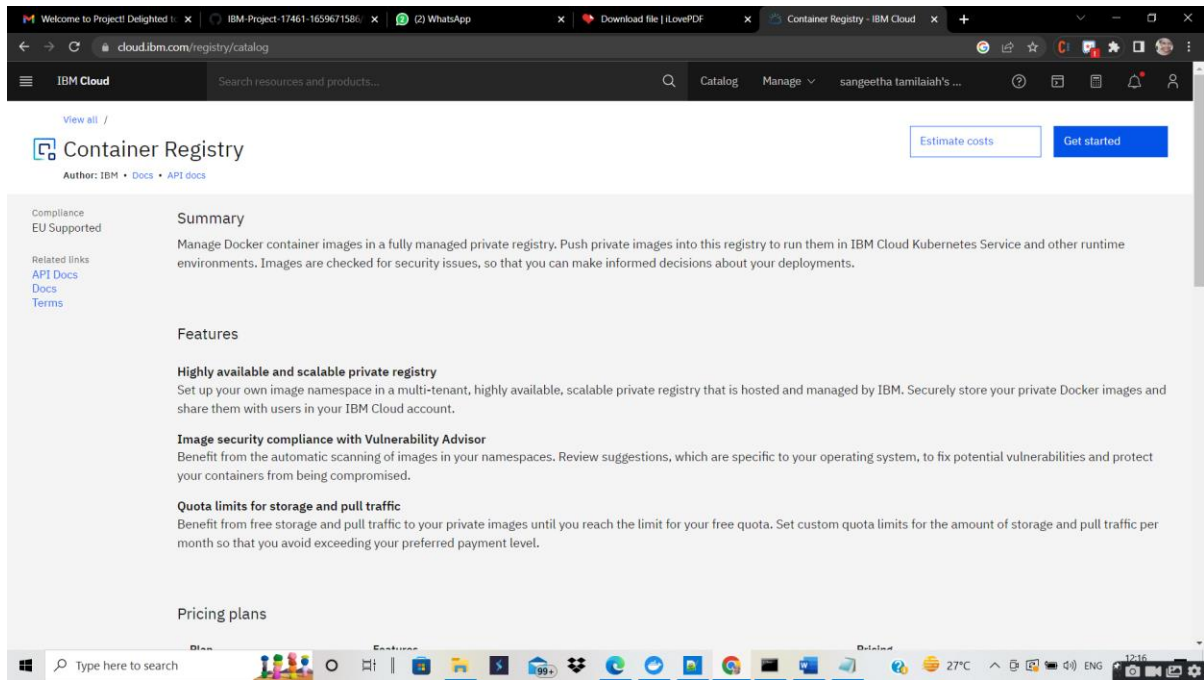

Upload Image to Container Registry

Date	17 November 2022
Team ID	PNT2022TMID23050
Project Name	Smart fashion Recommender Application

Step 1. Login to cloud.ibm.com and in the catalog , search for the IBM container Registry Service

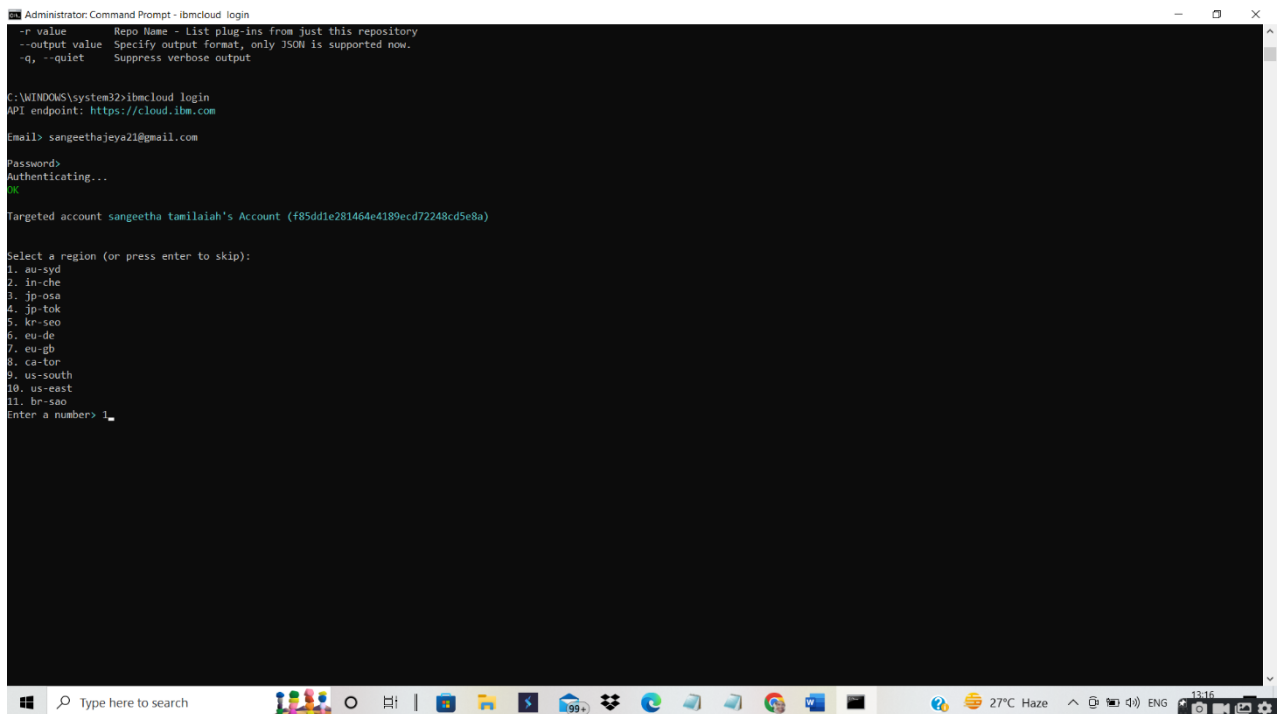

Step 2: Click Get started button to start uploading image to container Registry

Step 3: Open command prompt and run the following command to install container registry in ibmcloud.

Step 4: Login to your ibmcloud account using command prompt

```
Administrator Command Prompt - ibmcloud login
--r value      Repo Name - List plug-ins from just this repository
--output value Specify output format, only JSON is supported now.
-q, --quiet    Suppress verbose output

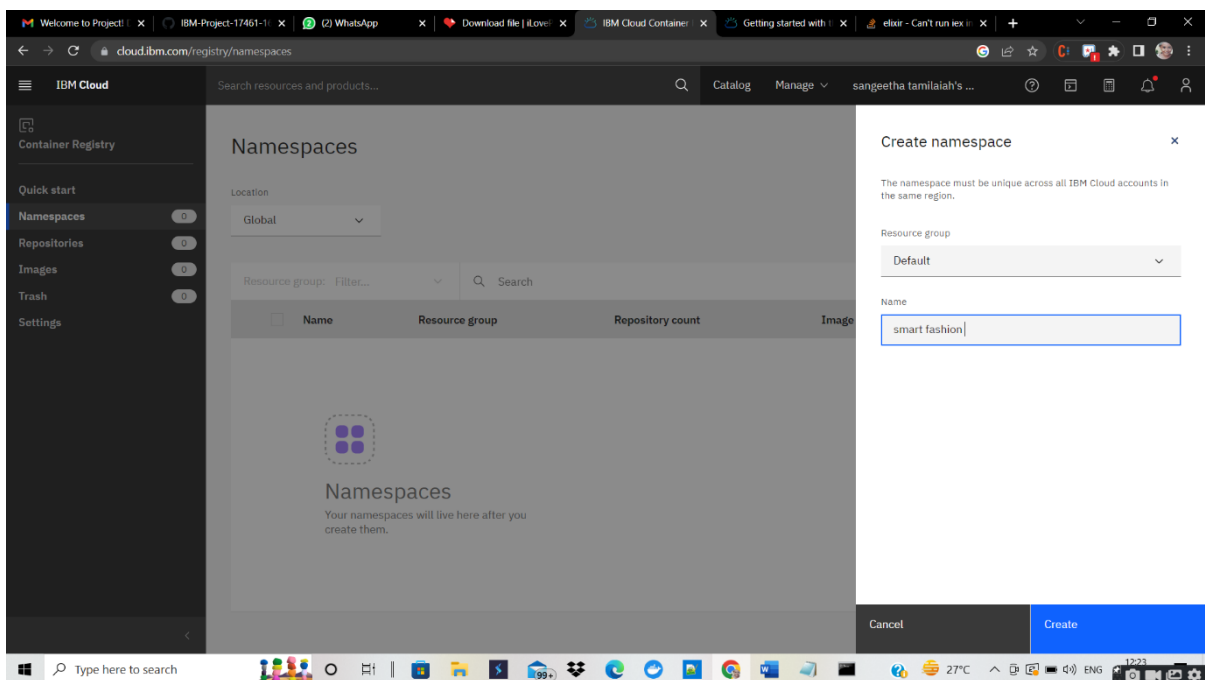

C:\WINDOWS\system32>ibmcloud login
API endpoint: https://cloud.ibm.com
