

Project Design Phase-II Data Flow Diagram & User Stories

Date	03 October 2022
Team ID	PNT2022TMID23050
Project Name	Smart Fashion Recommender Application
Maximum Marks	4 Marks

Data Flow Diagrams:

A data-flow diagram is a way of representing a flow of data through a process or a system (usually an information system). The DFD also provides information about the outputs and inputs of each entity and the process itself. A data-flow diagram has no control flow — there are no decision rules and no loops. Specific operations based on the data can be represented by a flowchart

User Stories

User Type	Functional Requirement	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Customer (Mobile user)	Registration	1	I can register for the application by entering my email, password, and confirming my password.	I can access my account /dashboard	High	Sprint-1
		2	I will receive confirmation email once I have registered for the application	I can receive confirmation email & click confirm	High	Sprint-1
		3	I can register for the application through Facebook	I can register & access the dashboard with Facebook Login	Low	Sprint-2
		4	I can register for the application through Gmail		Medium	Sprint-1
	Login	5	I can log into the application by entering email & password	I can access my data by login	High	Sprint-1
	Dashboard	6	I can view the dashboard and by products		High	Sprint -2
Customer (Webuser)	Registration /Login	7	I can register for the application by entering my email, password, and confirming my password.	I can access my account /dashboard		Sprint -1
Customer Care Executive	Contact with Customer	8	I solve the customer Requirements and feedback	I can receive calls from customers	High	Sprint-1
Administrator	Check stock and Price , Orders	9	I can Check the database And stock details and buying and selling prices	I am the administrator of the company	High	Sprint -2
